NEOGOV™

If you are new to NEOGOV or experience difficulty understanding the system, you should attend **NEOGOV training**. This is your opportunity to further educate yourself on the recruitment process and learn step-by-step about how to navigate through the system.

RECRUITMENT PLANNING & NEOGOV FOR MANAGEMENT

Steps required prior to the day of creating requisition:

1. Contact your budget officer to verify the current budgeted salary of the position. If additional funds need to be moved to the position, use the **Salary Reserve Recon Form** to communicate to budget the amount and the funding codes for the increase. Budget for the position must be increased prior to posting rather than at the time a selected candidate is identified.
2. Hiring Managers must have an account in NEOGOV.
3. Manager must notify HR Recruitment if the position is not currently vacant (i.e. retirement, separation with notice) so that HR can Create a Vacancy in Beacon.
4. Prepare a **Request to Post** for attachment to the requisition.

NOTE: For detailed information on creating a posting, please view the NeoGov Recruitment Guide

PERFORMANCE MANAGEMENT & DISCIPLINE FOR MANAGEMENT

Before taking any disciplinary action, the supervisor should always do the following:

- A. Gather the relevant facts
- B. Get the employee's side of the story
- C. Consider any extenuating circumstances
- D. Determine the applicable policy, whether it's a conduct issue or performance issue, and **seek HR assistance** when discipline is warranted
- E. Thoroughly document the matter

Consult with Employee Relations Manager, Kathy Woodford at 919-707-5454, prior to issuance of any formal disciplinary action.

For performance issues specifically:

- Management should informally discuss and address any unsatisfactory performance issues with the employee. Should performance remain an issue after discussion, the manager may issue a **Documented Coaching in VIP**. For more information about how to complete a document coaching, please consult with the Employee Relations Manager.
- If performance issues remain after the period of improvement under the Documented Coaching, then the manager may issue a **Performance Improvement Plan (PIP) in VIP**. Management **must** consult with the Employee Relations Manager to retain approval prior to issuing the PIP.
 - The PIP is now considered equivalent to a written disciplinary warning for unsatisfactory job performance. Any continued performance issues after the issuance of a PIP will be addressed in accordance with the disciplinary policy. (For access to the policy view the **important links** slide.)
